HASTINGS ENRICHMENT

Hastings Enrichment LLC assist clients reach their goals with innovative funding while enhancing personal and professional development. Hastings Enrichment was established in May 2011 and was originally a part-time family endeavor between mother (Jackie) and son (Andrew). It has matured into a full-time women minority led operation.

EXPERTISE

Hastings Enrichment Consultants have over 13 years of experience in excellent research, successful granting writing, and program development. We specialize in providing entities with funding search, grant proposal and review, corporate requests, bid assistance, and program enhancement. We work with small and large Foundations, School Districts, municipalities, government, for-profit business, and special districts. We deliver high quality formatted documents ready for signing and mailing.

Our Consultants have successfully written numerous grants and corporate letters to foundations, state, federal, and local entities including municipalities and private businesses. We provide realistic advice about potential grants and client program needs. We have developed promotional materials and maintained websites for various entities.
